

CHANGES TO SERVICES

GLASGOW QUEEN STREET TUNNEL CLOSURE

From 20 March 2016 – Re-opening 8 August 2016

Services that normally use Glasgow Queen Street High Level will be diverted to/from Glasgow Queen Street Low Level station OR Glasgow Central.

Trains may be retimed and will take between 20 – 40 minutes longer.

If you're travelling north of Stirling (ie Perth – Dundee) your journey shouldn't be affected except for minor timetable alterations.

Note: The last service from Glasgow Central to Aberdeen will depart 20-30 minutes earlier than it would normally leave Glasgow Queen Street.

Please check your own journey – and its final destination - before travelling via the ScotRail app or our website:

scotrail.co.uk/#buytickets

Tip: Select a date between 20 March and 7 August.
