

KEEPING YOU MOVING

GLASGOW QUEEN STREET TUNNEL CLOSURE

From 20 March 2016 – Re-opening 8 August 2016

Lenzie - Glasgow services will be diverted to/from Low Level station. They will run half hourly and take around 25 minutes longer.

We're working with First Glasgow to run an additional four buses per hour during peak times – adding around 300 extra seats to existing bus services.

Buses take around 20 minutes to the city centre, leaving from central locations, including Kirkintilloch Road (after Moncrieff Avenue). If this suits, please buy a bus ticket when boarding.

This may be a quicker and more comfortable travel option for you during the tunnel closure.

Please check your own journey before travelling via the ScotRail app or our website:
