

Easter Train

You might have spotted that some of our trains have a special livery – have you spotted our Inter7City trains, or our MND or Pride train before? These trains have special vinyls added to change the look of the train. Why not have a go at designing your own livery for an Easter themed train? We'd love to see what you create, please ask a grown up to share it to our Twitter channel using **#ScotRailEasterTrain**
